REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Applicant's amendments and arguments filed 3/23/07 have been found to overcome Yamamoto and persuasive, respectively. The claimed feature "a sealing member provided to at least portions of three edges of said vane which seals in a fluid-tight manner between said vane and the inner face of said housing, said sealing member having ends facing said base part of said vane and contacting outer circumferential surfaces of said washers so as to seal in a fluid-tight manner therebetween" has been found allowable. None of the cited prior art teaches or suggests the sealing member as claimed in claims 1 and 8 of the instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
